# For neighbors hosting the party

- - Please park a family car for emergency use outside the party zone (starting @ Noon). If you can avoid parking in the party area, that will help tremendously.
- Please park it north of 13000 Anza Drive, closer to DeHavilland Drive (see the attached party layout document). Our team will be setting up a little after Noon, and will be bringing in tables, chairs etc to be placed in the party zone.
- - Take a look at the party layout (attached document). We will ensure that emergency vehicles will have access into our party zone.
- - We would also appreciate you bringing your empty blue bins out (for the recyclable food plates) and the garbage bins for other non-recyclable trash. We have a designated area for placing these bins. We will bring enough garbage bags and our party animals will take the garbage bags with them - to ensure that your homes don't have to hold it until Tuesday.
- - If you have rectangular or circular tables, that you can bring out for our party – that would help tremendously
- - Ping, appreciate you providing power - just like last year - for our sound system
- Hope to see each of you at the block party, because without you, it wont be as **fun.**

# For Block Captains

- Looking forward to seeing you at our Sunday block party.
- Please reach out to all your zone neighbors and remind them of our Sunday block party.
- We have dropped flyers at every home, but additional reinforcement is always a good thing.
- On Sunday, we will invite you to the "stage" area for introductions.
- Also, each of you will have a special beaded-necklace to identify you as a block captain.
- Every neighbor will have their zone identified on their name card, and in case you haven't met someone from your zone, you will now have an opportunity.
- Let me know if you have questions
- Thanks
